DesignByU! Our newest DesignByU Plan System is a unique and cost effective solution with the PRIMARY focus being the ability to Personally Design YOUR Dream Home using our plan pieces or pre-designed home sections. With this DesignByU concept, there are a wide range of plan pieces for you to assemble to create a unique floor plan that best fits YOUR family and YOUR budget. There are hundreds of variations allowing you to piece together your Dream Home!

This method of design is a NEW and Innovative way to personalize your home. No more starting from scratch on a plan or trying to re-configure a singular floorplan to work for your family and budget. Using predesigned and inter-connecting home parts, our DesignByU System gives you the ability to assemble/design the home that you want and the home that is RIGHT for you!

Narrow Modern

Wide Farmhouse

Wide Southern
